

Intercession of the Danube-Workers

Good Father, you have united with us and set the rainbow as a mark of unity.

In its colours, the diversity of languages and traditions are reflected.

Take away our fear of differences,

And give love to our hearts to make us learn to accept each other.

Open our ears to make us learn to understand each other

and strengthen our minds to help us develop ways for a fair cooperation –

in the Danube area, in Europe and in the whole world.

Lord, answer our prayer: Give us today our daily bread.

We ask for sufficient aliment for everyone, for a peaceful society, the willingness to share and to take over responsibility for others.
