Data Privacy Statement

All personal data collected on the web portal will only be collected and stored for the use of services of the platform. The personal data that is transmitted by the user, are processed only to communicate with the user and only for the purpose for which the data were provided.

The personal data are published neither on the web portal (only username e.g. in suggestions) to any third party, nor used for commercial advertising. An exception is the legal obligation or the user has given their explicit consent.

ILEU e.V. assures that we have taken all the technical and organizational measures against loss, destruction, access, modification or distribution of personal data by unauthorized persons.

Users can get free information about all personal data which has ILEU e.V. has stored. The user can also demand to have their person-related data deleted or completely blocked at any time. Inquiries in this regard need to be in written form. Please contact Marina Iser (info@ileu.net or 0731/379951-66).

Cookies are stored with anonymous data in the user's browser (if this is possible via configuration). The web portal is fully usable without the use of cookies, however, some functions cannot be used. Some of our websites use so-called social plugins. These social plugins normally transfer user data to the respective social networks (e.g. Facebook, Google+, Twitter) every time the site is accessed, and provide information to these social networks on your browsing behaviour (user tracking). You do not need to be logged in nor do you need to be a member of the network for this. You can prevent the above mentioned social networks from collecting your data by logging out before visiting our website. Furthermore, you can install specific blockers in the add-ons section of your browser.

Even if you don't have accounts with Facebook, Google+, Twitter or YouTube it is possible that these networks collect data. This might be, for example, the IP address. If you don't want your data to be collected by these social networks, please look into their privacy policies. They will also provide information on the purpose and extent of the data collection as well as on the further processing and use of data and your rights and configuration options to protect your privacy.
